Refugee  
Week

# Friday 23<sup>rd</sup> June

*Join us in supporting Norwich – New Routes  
and join in with the celebrations taking place  
during Refugee Week*

# Refugee Week

Takes place every year across the world in the week around World Refugee Day on the 20 June. In the UK, Refugee Week is a nation-wide programme of arts, cultural and educational events that celebrate the contribution of refugees to the UK, and encourages a better understanding between communities.

Refugee Week started in 1998 as a direct reaction to hostility in the media and society in general towards refugees and asylum seekers. An established part of the UK's cultural calendar, Refugee Week is now one of the leading national initiatives working to counter this negative climate, defending the importance of sanctuary and the benefits it can bring to both refugees and host communities.

The aims of Refugee Week are: To encourage a diverse range of events to be held throughout the UK, which facilitate positive encounters between refugees and the general public in order to encourage greater understanding and overcome hostility. To showcase the talent and expertise that refugees bring with them to the UK. To explore new and creative ways of addressing the relevant issues and reach beyond the refugee sector and provide information which educates and raises awareness of the reality of refugee experiences

Refugee Week aims to provide an important opportunity for asylum seekers and refugees to be seen, listened to and valued. The ultimate aim is to create better understanding between different communities and to encourage successful integration, enabling refugees to live in safety.

## **New Routes – Integration**

Locally, New Routes, promotes social inclusion by preventing people from becoming socially excluded and assisting them to integrate into society. Developing the capacity and skills of the disadvantaged minority ethnic individuals and communities of Norwich to support the fulfilment of potential and enable active involvement in society and develops social and racial cohesion by building positive images and new connections among people of different backgrounds; thereby integrating marginalised people into the wider community.
