The beautifully illustrated new story from Khaled Hosseini - bestselling author of *The Kite Runner*

'Hold my hand. Nothing bad will happen.'

*Because play and laughter
are the best medicine for
traumatic experiences...*

**PLEASE SUPPORT: Capoeira 4 Refugees:
Our mission. Our passion.**

*We bring fun, resilience and happiness to the lives of
children in conflict zones. We know that the best way to
help is to support young people to help
themselves. We know that to rebuild a future
after the destruction of war, people
need hope. That's why we use live music,
fun and play to create safe spaces for
communities to learn, grow and
overcome the traumas of conflict.*
